SUBJ: Continued Development of the Roanoke Valley Transportation Plan

As noted in the original staff report, [this spreadsheet](#) is being provided for TTC review as we initiate the Solutions phase of the Roanoke Valley Transportation Plan update. The spreadsheet provides a list of common transportation solutions and how they align with a RVTP goal/objective. TTC members are asked to review the list of solutions and suggest any other common transportation solutions for addressing needs in the region that may have been missed. This information will be used in the next step of the Solutions phase as noted in the Solutions process document included in the agenda packet.

TTC Action: Review the list of common transportation solutions and provide feedback.
