## **ADJUSTMENT #2 INTRODUCTION**

### **Background**

The RVAMPO Board adopted the FY 2005-07 Transportation Improvement Program (TIP) on August 18, 2004. The FY 2005-07 TIP is the first RVAMPO TIP that reports financial information in an “obligation” format, which is now required by the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA). Since the original adoption, updated obligation amounts have been developed for many of the projects in the FY 2005-07 TIP. As such, the FY 2005-07 TIP was amended on February 24, 2005 and April 28, 2005 to reconcile the new financial information with transportation projects that are being funded through FY 2007. Adjustment #2 builds upon the April 28, 2005 amendment and updates narrative to three projects UPC #s T2075, T2076 and T2077. Adjustment #2 does not change any financial information.

### **Purpose of Adjustment**

To adjust narrative describing projects and purpose of projects for UPC#s T2075, T2076 and T2077.

### **Use of Adjustment**

Adjustment #2 supercedes all previous information listed for UPC#s T2075, T2076 and T2077. For information on other FY2005-07 Transportation Improvement Program Projects consult the currently amended FY2005-07 TIP at [www.rvarc.org](http://www.rvarc.org)
